Language: **English**

Total Price: **BHD 88** (*Incl. VAT*)

LESSON PLAN

Session 1

- Types of Cut (lecture and examples of diamonds with different cuts)
 - Carat weight estimation (lecture and examples of diamonds of different sizes)
-

Session 2

- Colour (lecture and examples of diamonds for students to observe differences in colour and to also colour grade)
 - Fluorescence (lecture and master set of diamond fluorescence)
 - Clarity - correct use of the loupe (lecture and examples of diamonds with different clarity characteristics and the implementation of the clarity grading methodology)
-

Session 3

- Cut grading (lecture on how to cut grade and students' observation of different diamonds with various cut grades)
 - Students to fully grade 2 (or more) stones using the information learned throughout the day
-
